Dear HP Store,

This letter is to express my interest in the job posted on your website for an junior experienced, detailed-oriented,front-end web developer. As you'll see, I have 1-2 years of hands-on experience efficiently coding websites and applications using modern HTML, CSS, and JavaScript.

Building modern, easy to use, user-friendly websites and applications is truly a passion of mine and I am confident I would be an excellent addition to your organisation. In addition to my knowledge base, I actively seek out new technologies and stay up-to-date on industry trends and advancements.

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Best regards,
